A Message from the Desk of the Executive Director

peopleCare
communities

And just like that the first quarter of 2021 has come to an end.

Many exciting events took place over the past month and I want to take the time to recognize our wonderful front-line staff for their hard work and dedication to make Meaford Long Term Care an enjoyable place for our residents to live, even throughout the pandemic.

Cruise week took place March 22nd-26th and was a massive success. The residents and staff members enjoyed dressing up, taking glamour shots, singing karaoke and participating in the many other exciting activities offered throughout the week. A big thank you goes to the program department for putting on such a wonderful event that helped cure the winter blues.

I am very happy to share that as of March 30th all residents and staff have had the opportunity to receive both doses of the Covid-19 vaccine. This is another huge step forward in our fight against Covid-19 and we look forward returning to some state of normalcy soon.

I do ask that family members remain diligent as we enter the third wave of the Covid-19 pandemic. The numbers in our area are on the rise so please stay at home when you can, reduce travel and if you don't feel well please do not come to visit your loved one. We will continue to take our guidance from Public Health and will adjust our visiting protocols to the appropriate Provincial Colour Codes if Grey/Bruce falls from Green.

I want to thank our family members and POA's for their continued support throughout the pandemic. We could not do this without you and we look forward to a time, hopefully in the near future, that we can all come together to commemorate everything we've been able to accomplish over the past year.

Well wishes to you all.

Stay safe,
Jake Presseault
