In astrology, those born from August 1–22 are Leo's Lions. As lions are kings of the animals, Leos are strong and charismatic leaders. Proud and confident, Leos enjoy performing and the attention it brings. Those born from August 23–31 are Virgo's Virgins. Often symbolized by the goddess of agriculture, Virgos are deeply connected to the material world. They are logical, practical, and aware of every detail.

Arrrrr- Gust

Shiver me timbers, August is International Pirate Month. Historians consider the Golden Age of Piracy to have occurred between the 1650s and 1730s. It was during this period that the likes of Blackbeard, Captain Kidd, Calico Jack, and Anne Bonny made their notorious reputations.

It is no coincidence that the Golden Age of Piracy coincided with an era punctuated by the shipping of valuable goods across vast oceans to Europe. European kingdoms had laid claim to distant colonies in North America, West Africa, and India. Sea routes used for the shipping of spices, gold, and other goods provided perfect targets for pirates looking for power, riches, and prestige.

A major factor that contributed to the rise of piracy was the rise of naval power. Empires like Spain and England used brutal methods to bolster their navies. Sailors were not so much recruited as kidnapped and forced into conscription. After receiving extensive training and experience on the high seas, many sailors, disgusted with their shoddy treatment and pay, left the navy for piracy. It was common for pirates to be hunted by the very navies they had once served in.

Much of what we know about piracy comes from the book *A General History of the Pyrates*, written in 1724 by Captain Charles Johnson. The true identity of Captain Charles Johnson remains a mystery, as there is no record of such a man ever existing. Despite a certain lack of credulity, Johnson's fanciful accounts of several pirates, including Blackbeard, Charles Vane, and Calico Jack, have defined piracy for centuries. It was this book that introduced the familiar tropes of buried treasure, missing limbs and eyes, and the pirate flag known as the Jolly Roger. This book also inspired Robert Louis Stevenson to write *Treasure Island*. While we may never be able to separate pirate fact from fiction, we can be sure that the romance of piracy will capture our imaginations for many years to come.

Hole in One

The first Saturday of August is Disc Golf Day. On the holiday last year, it is estimated that thousands of golfers threw 732,152 shots on 209,113 tournament holes. So, if you decide to play a round of disc golf today, you certainly won't be alone.

August has always been a banner month for disc golf. The first national disc golf tournament, the American Flying Disc Open, was held on August 2, 1974, in Rochester, New York. Organizers hoped to attract both disc golfers and Frisbee enthusiasts by offering a brand-new car to the tournament champion. The success of the Open established disc golf as a new national pastime.

August 12, 1997, marks another important date in disc golf history. Famed toymaker "Steady" Ed Headrick, inventor of the Frisbee and founder of the Professional Disc Golf Association, invented the chain basket device that acts as the "hole" in disc golf. Upon Ed's death in August 2002, his ashes were incorporated into a select number of flying discs, ensuring that he would play his beloved game forevermore.

MLK's Dream

Organizers of the March on Washington for Jobs and Freedom expected 100,000 people to attend their demonstration on August 28, 1963. In the end, 250,000 showed up, making it the largest demonstration in U.S. history. A speech by Martin Luther King Jr. was set to cap the march. King had used the phrase "I have a dream" in several speeches leading up to the event, and his advisors cautioned him against leaning too heavily on the theme. But when the gospel singer Mahalia Jackson said, "Tell them about the dream, Martin," King abandoned his drafted speech and launched into what is now one of the most famous speeches in history.

Chain Reaction

Your stomach might start to growl when you learn that August 24 is Iconic American Restaurants Day. This is a day to appreciate those perennial restaurant chains that have graced the American restaurant landscape for decades. Howard Johnson's. Beefsteak Charlie's. The Red Barn. Sizzler. And yes, even McDonald's.

If some of these restaurants don't sound familiar, that might be because so many iconic restaurants are regional. Friendly's restaurants—137 of them—were once found up and down the East Coast. In the mid-1990s, 200 Luby's Cafeterias could be found in and around Texas. One person's beloved restaurant chain is another person's head-scratcher.

What makes an American restaurant iconic, anyway? A recognizable logo? A classic menu? The sheer number of restaurants? Perhaps an iconic restaurant chain offers a place that provides all the trappings of a home-cooked meal out on the road.

Bargain Hunters

The second week in August is Bargain Hunting Week, but where can you find a bargain these days? According to experts, there are always deals to be had, if you know when and where to look.

Restaurants are often the least crowded on Tuesday, so they offer two-for-one or kids-eat-free deals to lure customers. Grocery stores often receive new deliveries each week, so you're more likely to find discounted meats and produce on delivery day. Electronics retailers will start stocking new models in April, so shoppers often find great deals on year-old models throughout the spring and summer. Experts swear that the best airfare prices can be found at 3 p.m. on a Tuesday, as all airlines race to match discounts offered by the major airlines the previous Monday.
