## A Message from Our General Manager

### Oakcrossing Retirement Living – April Newsletter

As we step into April, we welcome a season of renewal, brighter days, and fresh energy throughout our home. There's something special about this time of year the sunlight lingers a little longer, conversations feel a little lighter, and our community continues to grow stronger together.

### Community Update: Steady & Strong

At Oakcrossing, things remain steady and on track. Our team continues to work collaboratively to ensure the comfort, care, and overall experience of every resident. We are proud of the consistency within our home and the way our staff show up each day with compassion, professionalism, and heart.

### Health & Wellness Reminder

As we transition seasons, we remain mindful of ongoing illnesses including cold, flu, RSV, COVID-19, and gastro-related symptoms.

To help keep everyone safe:

- Please notify us if you are feeling unwell
- Stay in your suite if experiencing symptoms
- Tray service is always available we are here to support you

Thank you for continuing to look out for one another. It truly makes a difference.

### Building & Environment

Our Green Building Initiative continues to move forward. We remain committed to creating a comfortable, efficient, and environmentally responsible home for all. With spring arriving, you may also begin to see seasonal transitions both inside and outside the building as we prepare for warmer days ahead.

### Lifestyle & Community Life

March brought wonderful moments of connection, and we're excited to carry that energy into April.

This month, you can look forward to:

- Easter/Spring-themed activities and creative programming
- Social gatherings and more musical entertainment to bring residents together

Participation, laughter, and connection remain at the heart of everything we do.

We would like to take a moment to recognize our incredible Oakcrossing team. Their dedication, teamwork, and commitment to communication continue to create a positive and supportive environment for everyone who calls Oakcrossing home. # IPAC Corner

Older adults are at a higher risk for complications from Influenza, RSV and COVID infections. This is why it is extremely important for everyone to be protected from seasonal infections. Washing hands often with soap and water or alcohol-based hand sanitizer is another great way to ensure we are staying safe against harmful bacteria and viruses. Masking in the home, coughing and sneezing into tissues or your sleeve are also ways to prevent the spread of infection in our home. Keep up to date with all things IPAC in the newsletters and in the home!
