## A Message from Our General Manager

### June at Oakcrossing – Sunshine, Fresh Air & Community Connection

June has arrived, and with it comes warmer weather, longer days, and so many opportunities to enjoy the beauty of the season together here at Oakcrossing!

As the sunshine returns, we are encouraging everyone to take advantage of our beautiful outdoor spaces. Whether it's a morning stroll, an afternoon coffee in the courtyard, or relaxing with friends in the evening, our outdoor areas are becoming the heart of our community this season.

Our gardens are currently getting a seasonal refresh, bringing new colour and life to the grounds. Residents will also notice new outdoor tables being added out back, along with charming patio lights to help create a warm and welcoming atmosphere for evening gatherings and summer events.

This month, many of our lifestyle and leisure programs will be moving outdoors whenever possible. From walking groups and exercise classes to music, socials, games, and evening get-togethers, we are excited to make the most of the fresh air and beautiful summer weather together.

We encourage all residents and families to enjoy the courtyard, walking and using outdoor seating areas throughout the day. Fresh air, movement, sunshine, and connection are all such important parts of healthy living and community wellness.

We are looking forward to a vibrant and active summer season filled with laughter, friendship, and wonderful memories made outdoors at Oakcrossing!

# IPAC Corner

Older adults are at a higher risk for complications from Influenza, RSV and COVID infections. This is why it is extremely important for everyone to be protected from seasonal infections. Washing hands often with soap and water or alcohol-based hand sanitizer is another great way to ensure we are staying safe against harmful bacteria and viruses. Masking in the home, coughing and sneezing into tissues or your sleeve are also ways to prevent the spread of infection in our home. Keep up to date with all things IPAC in the newsletters and in the home!
